

## INSTRUCTIONS FOR THE PREPARATION OF ABSTRACTS FOR INDIVIDUAL PRESENTATIONS

- Individual presentations can refer to your research in any area of Psychedelic Medicine
- Individual presentations are focused on a specific research topic that is preclinical, translational, clinical or ethical/social/ legal and must contain data
- Individual presentations that are accepted will be curated into thematic sessions
- No participant may have more than 2 speaking roles of any type at the conference

All submitted abstracts will be reviewed for acceptance based on scientific merit.

Abstracts must be submitted via the online form only (see Technical Instructions below).

All abstracts must be submitted in English, and should be no longer than 400 words (not including the title, author names and affiliations).

The name and affiliations should be included in the abstract, i.e. department, institution, city, country.

If submitting more than one abstract, each abstract must be submitted separately.

The submitter should attest that they have agreed to participate and are aware that they will need to pay the conference registration fee and their travel and hotel costs.

Please note that the final inclusion of the accepted abstract in the scientific program is dependent on payment of registration fees by the presenter at least two months prior to the conference.

Abstract submissions should be structured with the following:

- Background
- Aims & Objectives

- Method
- Results
- Discussion & Conclusion

Please note that although a structured abstract is the preferred format, if submitter believes that a non-structured abstract better suits their submission, this will be acceptable, too.

When submitting your abstract please make sure to select one of the following *topic categories*:

- 1) *Preclinical Research*
- 2) *Clinical Research*
- 3) *Translational Neuroscience*
- 4) *Social science*

Then please select one of the following *topic sub-categories*:

- 1) *Mechanisms of psychedelic action*
- 2) *Diversity in psychedelic medicine*
- 3) *Natural products in psychedelic medicine*
- 4) *Psychedelic treatment in cultures of origin*
- 5) *Clinical trials of psychedelic*
- 6) *Psychedelics, law and ethics*
- 7) *Non-hallucinogenic psychedelics*
- 8) *Psychedelic treatment for physical illness*
- 9) *Psychedelic assisted psychotherapy*
- 10) *Psychedelics through the lens of anthropology and sociology*
- 11) *Translational studies on psychedelics in humans*
- 12) *Other*

#### **TECHNICAL INSTRUCTIONS:**

By clicking on the abstract/proposal submission button at [www.psychmedisrael.com/abstract-submission](http://www.psychmedisrael.com/abstract-submission), you will be directed to the abstract/proposal submission page.

Here you create a profile for yourself and will be able to submit your abstract. You will be prompted to select the type of your submission – please select 'Individual Presentation' from the dropdown list. You will also need to select the category and sub-category for your submission (categories and sub-categories listed above).

Once you have submitted your abstract you can edit the document/authors/affiliations etc. by logging in again.

**DATES AND DEADLINES:**

- Abstract submission open: until May 15, 2023
- Notification of the review result: until July 31, 2023
